## Statement regarding storage condition “Room-temperature”

We hereby confirm that L-Glutathion, batches:

- 22K21-B03-230393 – 10g
- 22K21-B03-225396 – 1kg

are stored with Room-temperature (15°C - 25°C) according to stability data tests from manufacturer of the substance.

The material safety data sheet and the CoAs from Fagron GmbH & Co. KG also show no special storage conditions anymore.

Unfortunately, our containers with the new batches are clarified as 2°C - 8°C. We confirm that the miss labeling on the product L-Glutathion has no effect to the quality of the product.

Quality Assurance

**Fagron GmbH & Co. KG**
